

## Message from the Director of Education

Dear Parents,  
Fingers crossed this unseasonal weather will pass and we can get on with what

is arguably, everyone's favourite term of the academic year - not least because of all the time the children spend outside! Until the ground dries up and sun comes out however, it is essential that children have a pair of

**Wellington Boots.** As a reminder, they must also have **indoor shoes** (plimsolls will

do) AND **outdoor shoes.** They cannot wear the shoes they come to school in or play outside in, in the classrooms. On the subject of clothing....please note that the children's **FOREST FRIDAY's** commence this FRIDAY. See the calendar attached for the class schedule. Children will need outdoor clothes suitable for the weather conditions on the day.

Please remember to check out our Facebook page regularly to keep up-

to-date with the latest pictures and bulletins. Our Twitter account is also up and running

again so make sure you are following for

more stories and news...

Serena

[serenagunn@meadowbrook.uk](mailto:serenagunn@meadowbrook.uk)

Yes....  our first egg courtesy of snowflake! It's small

but a good

first effort!

Also, Ginger

has taught her friends how to hop over the gate and has enjoyed a bit of a play on the jungle gym! Needless to say, until we clip the other wing (on all the girls) and raise the height of the wire, they're all confined to Cluckingham Palace until further notice. Please ask the children **NOT** to let them out until further notice .

Meadowbrook @ Marlow....PARENT & TODDLER

Registration forms now available for the new Marlow sessions starting in September.

Please contact the office for further information. **Pre-School Parent and Child Sessions** also starting for those up to 3 ½ / 4 years of age.

**Meadowbrook Flyers & Marketing Campaign...**

Following the Parent Mail regarding flyers last week, we would be grateful if you could take some Meadowbrook flyers and ask local libraries, GP surgeries, Soft Play Centres and the like, if you could display them. We are happy to cover any costs

incurred if there is a charge for displaying.

**WARNING....TOXIC CATERPILLAR OUTBREAK IN THE SOUTHEAST. SOME HAVE BEEN SEEN IN THE BRACKNELL FOREST AREA TOO.**

*A plague of toxic caterpillars which could trigger*

*fatal asthma attacks as well as vomiting and skin rashes has broken out, the Forestry Commission has warned. Stay away from the furry-looking Oak processionary moth (OPM) caterpillars and their nests. Google for further info.*

## REMINDERS & CALENDAR UPDATES
